

CAMPUS UPDATE

It's been a hectic but rewarding few weeks since the beginning of term which saw the launch of Horizon. There's a positive buzz at our brand-new campus which is home to West Lea's post 16 provision. As our motto conveys, we set 'no limits' to what students, interns and staff can achieve by working together towards shared goals.

As we've begun working with three new Year 12 classes, we reflect on the positive outcomes of last year's KS5 leavers who were all successful in gaining places at college to further their education. This year will help shape the aspirations and journeys of our new college students as they prepare for adulthood and are supported to discover their own future pathways.

We've also welcomed three new classes of interns, all with fresh ambitions and a willingness to work hard towards gaining a job.

They follow in the footsteps of the class of 2021 who, despite a challenging year, persevered and reaped the rewards of never giving up. With the help of our passionate staff, an impressive 90% of interns were offered a job at the end of their internship last year.

We're excited to see our new interns flourish in their roles over the course of the coming year. They certainly impressed employers at our recent Job Fair where they found out more about the supported internships on offer this year.

This event will help support the job matching process and we are grateful to partner organisations such as the Co-operative, Enfield Council, Greggs, Rapport and many more inclusive employers in Enfield and beyond who see the potential of our wonderful young people. To find out more go to www.westleaschool.co.uk/sip
