

CAMPUS UPDATE

As we move into the second half of the Autumn Term, it's great to see that KS5 students have settled well into full-time college life. Transition remains a key focus and, whilst it may seem early in the school year, Adams, Watson and Fury class students are already beginning to think about their next steps, planning and applying for courses beyond our bridging programmes. We look forward to discussing future plans with each student and their parents or carers at the upcoming KS5 parent's evenings taking place next week.

Students taking part in our Supported Internship Programme are also focusing on their next steps as they prepare to transition into employment. This is a particularly exciting time of year as they begin their work placements with the help of their Job Coach. We've seen students offered a great variety of roles this year as we have been fortunate enough to partner with many inclusive employers including Enfield Council, Planet Organic, Co-operative Food, Rapport and Camden Town Brewery to name just a few.

Horizon Campus is also welcoming students and parents from KS4 to an Open Evening this week to hear more about Post 16 options at West Lea.

It's never too early to plan for the future and we would encourage all students at West Lea to explore the ['Preparing for Adulthood'](#) programme as well as the London Borough of Enfield's [Local Offer](#) and [Moving On](#) programme.

FIRST AID TRAINING

Interns have been busy gaining their First Aid at Work certificates. Taking part in this training has helped the interns to gain some essential life skills whilst making them more employable as well, preparing them for their work placements.
