

CAMPUS UPDATE

We are in the middle of a fantastic summer term, in which students have been learning lots! We are currently preparing for our creative performance and art gallery next week, which students are excited about.

This term the children have enjoyed learning physical skills to prepare them for sports day which will take place at the end of term on 12th July. Some students are particularly excited, as they are representing Meridian at local sports events across Enfield!

Next week, the children will meet their new teachers and classmates ahead of September as part of a transition day at their new site. Please read the social story at home with your child and watch the video of our campus on the website to support their transition.

We have some members of staff leaving Meridian Campus at the end of the summer term.

- Sarah James, Assistant Head will be moving into a SEND consultancy role
- Taz Gok will be leading a team at Learning4Life KS4 Campus
- Valentina Pastore (Year 5&6) will be leading a team at an SEMH school
- Sophie O Connor is progressing to the next stage of her career at an SEN school in Hertfordshire
- Rebecca Fanty and Theresa Ikopolati will be moving to Haselbury Campus to lead KS3 classes.

I would personally like to thank these staff for their dedication to help our children flourish. They will all be missed and we wish them every success with the next step of their careers.

Over the next three weeks the children will take part in 'activities month', for which we have organised a wide range of onsite events and days out. We hope the children will enjoy these activities and have a brilliant last few weeks of term.

Finally, I'd like to thank all our families and the Enfield community for the support you've given us with the site changes this term.

Friday 22nd July

End of Summer Term (1.30pm)

SAFEGUARDING

Children are vulnerable to online abuse. As we approach the summer holidays, we advise all parents to ensure they have parental controls in place on phones, tablets, TVs and any other places children can access the internet. Call the office if you would like help setting up parental controls on devices.
