

Campus Update

On Friday 11th November, Learning for Life Campus went on their first trip of the year to Paradise Wildlife Park. The learners visited many different animals including the lions, tigers and penguins. They asked lots of questions to find out about their favourite animals.

"My favourite animal was the lions because all they were doing was eating and sleeping." - Princess, Dutoit Class.

Next, the learners explored the dinosaur park. The dinosaurs were very realistic; moving and making sounds like the real ones would have! They learnt many interesting facts about them.

Some of the classes had the opportunity to see a bird show including owls and hawks. Some learners were even involved and held arms out for a bird to fly to them.

"My favourite part of the trip was the bird show because they were very cool and flew right over our heads!" - Shemar, Dutoit Class.

The learners had a fantastic day and the behaviour was brilliant. We can't wait to visit again! A special thanks to Ms Regan and all the staff who worked so hard to organise this amazing trip!

"We saw a bird show with owls. The people doing the show told us lots of things about the owls and how they fly. I really liked the show" - Adama, Dutoit Class

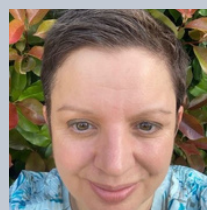

Safeguarding

Evidence shows that the key danger times for young people in relation to becoming involved in anti-social behaviour and becoming victims of robbery and other forms of youth violence are on weekdays between 3pm and 6pm.

Suggested strategies for keeping your child safe:

- Remind your child to come straight home after school unless involved in after school clubs or other organised activities.
- Check in with your child if they are not home by the normal time.
- If your child asks to go to a friend's house, contact the parent to check the arrangements.
- Configure location settings on your child's phone so you are able to track their location.
- Make plans with your child for 'unknown' situations where they may get into difficulty e.g. what to do if the bus breaks down.
- And finally, discuss any concerns you have with a member of the Safeguarding team at school who will be able to offer guidance and support.
