

## Welcome back

Welcome back to all our families after the festive period. We hope you have had a great break. We are so happy to see our learners return with smiling faces, eager to be back.

As we wrapped up Autumn Term we were determined not to let the snow stop all of our festive activities.

The Magic Spells of Christmas premiered at Meridian Campus. This original movie created in collaboration with two other special schools features many of our West Lea learners in starring roles giving Oscar worthy performances!

Luckily, Father Christmas is used to the snow and still managed to get to both Dysons Road and Springfield Road!

Haselbury certainly has talent and our learners brought tears of joy to many of the adults with their singing and dancing at the talent show.

Learning for Life Campus got into the Festive spirit with Carol Singing and biscuit decorating!

## Looking ahead

Our class teachers are looking forward to meeting parents in the second half of Spring Term at our second learners Progress Reviews of the year. These will take place week commencing Monday 20th February. Please look out for further details being sent home shortly.
