West Lea
HASELBURY CAMPUS

Campus Update

What a busy half-term it has been and we are only halfway! Last week was National Careers Week which centres around our learners having the opportunity to explore jobs and work experiences they may want to do later in life. Some learners visited KidZania, an immersive indoor city run by kids with more than 60 real-life activities, teaching essential life skills in a fun and safe environment. From catering to the emergency services, our learners explored work opportunities so they can start to think about what they want to be when they grow up!

We also had visits from a number of different work sectors with our pupils getting a 'hands on' introduction to these jobs. Learners especially loved our visit from our local tree surgeon company. Pupils got to dress up in the correct safety attire, had all the ropes attached to them to keep them safe and even hold a chainsaw!

Huge thanks to Tottenham Hotspur FC, chef Luciano Barrow and Gardner's Trees Ltd for their time and enthusiasm. Our learners had experiences they will remember for years to come.

TOM COLLIER
Head of School

World Book Day

As always our learners loved a day dedicated to reading activities and dressing up! Learners had lots of fun guessing the characters – I am sorry if Voldemort scared anyone!

Reading continues to be a cornerstone in all that we do across our curriculum and we cannot thank parents and carers enough for their support with this. Thank you for reading with your children at home and for using the reading journal which helps to facilitate a love of reading.
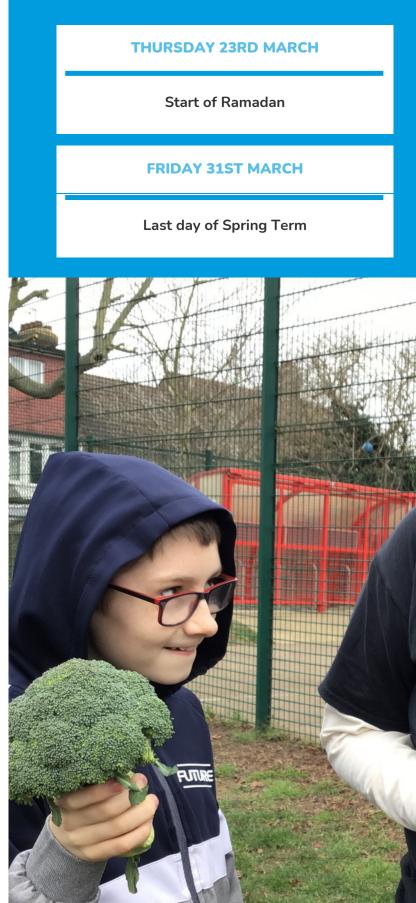

Safeguarding

We have high expectations for attendance and punctuality at West Lea School.

If your child has to be off school for an unavoidable reason, call the school absence line, 020 8807 2656 (option 1) and leave a message before 8.30am.

Please give your childs name, class and reason for absence.

Events and key dates
