

## Campus update

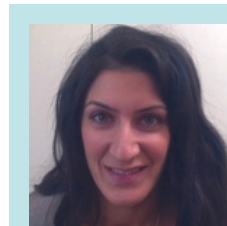

It's hard to believe we are at the end of the first half of the Autumn Term already. Whilst it feels like we just returned from the Summer break there's been lots going on at Horizon campus since we re-opened in September. KS5 students have settled in well at college and pre-interns / interns have had a great start on their employability programme at our St Mary's centre.

## Supported Internship

One of the key events of the year for interns is the annual Supported Internship Job Fair. Held at the Enfield Civic Centre, on Friday 22nd September, the Job Fair is a closed event held solely for interns on the West Lea programme. It was attended by over 30 employers, from across 12 different organisations including one of the biggest employers in the borough - Enfield Council, local schools, Greggs, Rapport, Plastic Pictures and many more.

Job matching intern's skills and interests to the roles that are being offered is key to the success of a placement. The Job Fair provides an opportunity for the job matching process to happen naturally and organically.

It was a pleasure watching interns interact with a variety of employers. It was clear interns knew that first impressions counted as they came prepared; dressed smartly, ready to talk about themselves and what they have to offer as well as ask some insightful questions about placements on offer. They also came away even more motivated to start work and to be successful in their placements. We look forward to seeing their progress throughout the programme and as they begin work.
