

Campus Update

Welcome to Meridian Campus!

We have new families joining our community: we welcome you all and hope you have enjoyed settling your children in to our campus over the past week. The children are all doing amazing with their new routines and we have seen lots of smiles and happy children in their new classes, across Dysons Road and Springfield.

This week we have settled our new early years class into Dysons Road – welcome to all families. Our first early years class are now grown up and have transitioned to key stage 1. they are all enjoying exploring their new classrooms. Our new year 5 children have moved to their new classes at Springfield and our new year 6's have enjoyed welcoming their friends from Dysons Road.

We are back to cycle A of our two year curriculum. Each week class teams will inform you of the topics covered in class so you can support learning at home. Your child will bring their home/school communication book each day where you can share messages with the class team and you will soon have home reading books and reading records: please share a book and read with your child for at least ten minutes a day.

Pupil Enrichment

At Meridian Campus children take part in a range of enrichment activities within the curriculum including yoga, dance, singing and forest school.

We share regular updates of our enrichment programme and curriculum on our campus twitter page @Meridian_Campus. Please follow us and 'like' our tweet.

This week our photos are from our adventures at Forest School.

Children at Dysons Road and Springfield have been collecting sticks to build structures and building hammocks, learning how to tie knots safely. They also painted rocks linked to our school value of kindness. Children shared the rocks with children in other classes to help make new friends.
