

Open Days

Informal Visits

West Lea School hosts open morning's and/or afternoons to help parents/carers and children to decide whether they think our school is appropriate for them. We will provide parents/carers and children with information and seek to understand the special needs of the child. If it is obvious that placement at West Lea would be inappropriate, we will advise parents/carers accordingly. In order for us to offer a placement, applications much go through SEN Services.

Our Open Mornings/Afternoons provide an opportunity to meet with the Head of School and some of the Leadership Team, and to be shown around the school. This will be followed by a question and answer session. If you would like to attend, please contact the school office on 020 8807 2656.

Our upcoming open events are:
